COTTON MARKET. New York, Dec. 3.-The cotton market was weak and active to-day, with liquidation and bear pre-30 points from Saturday's closing. Liverpool seemed to take a bearish view of the week-end statistic and sent disappointing cables. The New Orleans Times-Democrat estimated the crop at 12,450,000 bales, and this was followed at noon to-day with the Giles estimate of 12,483,000 hales. This latter estimate was not seriously received on account of eer-tain discrepancies in the details by States. Port re-208% ceipts estimated at 70,000 bales, against 45,251 last 14% year; exports, 28,000 bales.

"How far is it?" the interpreter asked, "Fifteen miles."
"When do you expect to get there?"

"To-morrow morning." Mr. Glidden picked the old woman up and in forty minutes had set her down
